* The Archdiocese of Los Angeles is open to have other Dioceses throughout the nation enroll, attend, and observe our trainings so that they may conduct their own religious emblems' trainings in the future. We are not the primary trainers for Region 11 but are willing to share. Our primary training enrollment is for our own Archdiocese. But, if you obtain your Catholic Scouting Committee Diocesan Chair's approval to become the Training Chair/Team for your Diocese, we can extend the registration offering to you so that you may assist in training your own area in the future. We do require payment and registration paperwork before attendance is allowed. Thank you for your understanding.
